

PUBLIC LEDGER

THIRD YEAR.

MAYSVILLE, KY., MONDAY, JUNE 11, 1894.

ONE CENT.

Rev. D. E. Bedinger of Newport will begin a protracted meeting at Orangeburg tonight.

Mr. and Mrs. Pat Sammons are enjoying the company of a fine son at their home on Front street.

The new steamer *City of Louisville* is now styled the *Fast Flying Kentuckian* and *River Greyhound*.

Constipation causes grief. But the troubles need be brief. For Ayer's Pills give prompt relief.

Thos. Page, of near Oddville, Harrison county, has a mare that recently gave birth to twins—a mule and a colt—both living and doing well.

Statistics show that of the 8,000,000 children born annually of drunken parents, 500,000 are born idiots and 300,000 are born deaf, dumb and blind.

Frank Owens Hardware Co. have large stock of the very best Plated Knives and Forks, Spoons, Table and Pocket Cutlery, Scissors and Shears, all of best makes.

Glasses fitted by Dr Julius King's system at P. J. Murphy's the Jeweler and Optician. Glasses fitted by this system are guaranteed to give satisfaction or money refunded.

The International Typographical Union will meet in Louisville the first Monday in October. It is safe to say that this Union is full of the brains of the country and no other gathering of men can produce such a body of statesmen.

The *Cynthiana Democrat* says: "Never judge by appearance. A shabby old coat may contain an editor, while the man wearing high plug hat and supporting a dade cane may be a delinquent subscriber."

Charles L. Brierty of Augusta and Miss Ada Wood of California, Ky., were married Saturday at Covington by Rev. Postmaster Carlile. This is the first time we have ever heard of a couple being married by the Postmaster at Covington.

Next Tuesday our Republican brethren will be in Covington to have a meeting and will take their scraps—*Brackets* *Urgent*.

You are right, brother, about us taking your city next Tuesday, and we'll also take the district next November sure. Do you hear?

Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of rheumatism. If you use Chamberlain's Pain Balm. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. Fifty cent bottles will be sold by Theo. C. Power, Druggist.

Something must be the matter with Tus LEDGER man, or Uncle Sam, or Mr. Bissell, or somebody as THE LEDGER of Wednesday, May 30th, did not get here Monday morning and the 31st was five days behind. How is it Tommy, where have they been all this time?—*Montgomery Democrat*.

We don't know where they have been, dear brother. It may be the McKinley Bill had something to do with the delay.

Probably the largest piece of timber ever taken out of Adams county, O., was taken to Winchester for shipment to New York. It was drawn by sixteen teams of horses and mules. The piece of timber squared 46 inches, and measured 173 feet in length. It will be carried to New York by a double pair of trucks, and from there it will be shipped to Europe to be used in ship building.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 28th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Co., Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him.

The excitement and change of water and salt incident to travelling often produce a diarrhoea. Every one should procure a bottle of this remedy before leaving home. For sale by Theo. Power, Druggist.

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNAL.

WIND—FAIR; BLOW—HAIL OR SNOW; WITH BLACK ABOVE—TWILL WARMER GROW.

UNLESS BLACK'S SHOWS—no chance we'll see.

The above forewarnings are made for a period of thirty-six hours, ending at 8 o'clock to-morrow morning.

UNCLE NED'S OPINION.

Old Uncle Ned (47)—
Or 34, I think.
He's never chewed tobacco;
Nor never took a drink.
He's never had a cold, too, for sure;
Says he was never ill.
And though he went all through the war,
Never paid a doctor's bill.
says Ned is a man of great day.
He's a man of great mind.
To see these boys a slitting 'round
A waiting to be hired.
Courses times is hard! Who said they weren't?
But they've been hard before;
As hard as any of these, my boy,
Have rapped upon our doors.
What caused 'em?

There you get now:
Parsons to get married;
Although this is the Democrats
Will say that fiddiesticks.

We live, my boy, beyond our means—
And buy our girls plannars
And buy our girls plannars
And buy our girls plannars

And buy our girls plannars
The boys indulge in long-tailed coats
The rainbow-hued cravats;
The women folks have got a farm
For fad and fad have got a farm
We're to do with neighbors does—
No matter the expense—

The boys won't work upon the farm
To get some common sense;
They've got to go to college now,
Half a dozen of them, and more.

Smokes cigarettes and foot ball play,
Just like a regular frenk.
The girls to "seminalies" go,
And when school's out, the girls go.

They're in the little life we leave off,
And not where we begin.

I'm seventy-four next birthday,
And never saw the likes.

When I was young of all the trades
A man don't have to work very know—

He'll reap just what he's sown—
But he should let the other chaps
That work hard, have a share.

Does he work all so mighty big,
And what we're comin' to
Is more than you, I can tell.

Or what we've got to do,
Our Congressmen ain't got no sense,

And when we're comin' to
The biggest swindles in the land
Is that 'ere Sugar Trust.

I'm glad I'm nearly seventy-four,
For me it does dispair.

To think if we don't change right soon
The universe will bust!—

—Howard Sazby.

Machine Oils of all kinds at Chepo's Drug Store.

Mt. Oliver now has a fire engine that cost \$750, but there is no water out there for the engine to use. Come down and get our Water Works, neighbor.

O. V. are very significant. When a man gets one of the O. V. B. he gets the best Razors made. The best Razors is one of the best blessings allotted to men. Frank Owans Hardware Co. can furnish the identical self same.

MAYSVILLE

REPUBLICAN

THE REPUBLICANS.

THEY HAVE A LOVE FEAST AT THE COURTHOUSE SATURDAY AT 1:30.

A Full County Ticket Nominated—List of Delegates to the Congressional Convention of Augusta.

FLOWER DAY.

Its Celebration in This City Yesterday at the Jail.

Yesterday was what is known as Flower Mission Day, instituted by Miss Jennie Cassady of Louisville.

It was celebrated in this city by several young ladies from the Central Presbyterian Church's Y. P. S. C. E. and Mr. and Mrs. John Scott, also of that society, and Mrs. Johnson of the M. E. Church, South.

The service consisted of an offering of flowers to those poor unfortunate who are incarcerated therein, each bouquets having an appropriate verse of Scripture attached, with a brief prayer and a regular church meeting.

The observance of Flower Mission Day was first thought of by Mrs. Scott, who is a valued member of the Woman's Christian Temperance Union of the United States, and we can say that our city should feel proud of this most estimable Christian lady's presence within its borders together with that of Mrs. Johnson and the young ladies who are now devoting their time to home mission work, and we must say a word of encouragement to Mr. Scott and the young men who are so ably assisting in this work, Hal. C. Curran for one.

But we must say we are in favor of this kind of work, as it reaches a class of men who never attend church, and thus the only way to reach them is in the jail. Keep up this work, good Christian people.

A telegram received in this city yesterday brought the sad and startling news of the death of Miss Grace Campbell, eldest daughter of T. C. Campbell of this city. She died in Cincinnati. Funeral tomorrow morning at 10 a.m.

William Jenkins, aged 25 years, brother of Perrin Jenkins, died at the residence of Mrs. W. P. Smart in the Fifth Ward Saturday night at 9 o'clock of consumption. Mr. Jenkins was a young man who was liked by all who knew him—one of the all-around good fellows you don't meet every day. He has been, until a few weeks ago, at Colorado Springs for his health. His relatives have the sympathy of the entire community. The funeral was held this morning at 10 o'clock, services by Rev. E. B. Cade.

Henry Slitz, one of the most familiar figures our streets have held, died this morning about 3 o'clock of consumption, brought on by living too fast. He would have been 29 years old Wednesday. He was a good hearted poor unfortunate, and those of his friends who knew him best can say that Henry was generous to a fault. No arrangements have been made for the funeral.

Mrs. Fannie Cady, wife of Walter Cady, died this morning about 3 o'clock, after an illness of several weeks. Mrs. Cady was 20 years old, a devoted young wife to her husband and little daughter, and to her mother, father, sister and brothers. In the time that she has been sick we don't suppose there has been anyone who ever interfered any more, but she bore it like all good Christian people, knowing that God's will will be done. She died Saturday night at the Hospital of the Holy Cross.

Charles L. Brierty of Augusta and Miss Ada Wood of California, Ky., were married Saturday at Covington by Rev. Postmaster Carlile. This is the first time we have ever heard of a couple being married by the Postmaster at Covington.

Next Tuesday our Republican brethren will be in Covington to have a meeting and will take their scraps—*Brackets* *Urgent*.

MR. WILLIAMS AGAIN.

He Tries to Suicide This Time by the Paris Green Route.

B. F. Williams wanted to die again yesterday.

But the good Lord wasn't ready, and so Mr. Williams had to wait a while.

He was taken to Robertson Hospital, where he was soon after admitted to the care of Dr. Joseph Bremer.

Berry, Jameson Brattieck No. 20—G. N. Harding, Plumville No. 21—Scott Fletcher, Orangeburg No. 22—D. G. Wilson.

The three delegates-at-large were selected by the convention and are as follows: R. F. Bullock of Orangeburg, J. R. Hunter of Washington and Captain John E. Wells of the city.

Captain M. C. Hutchins then moved that all good Republicans go as alternates, carried.

After a few remarks the convention then adjourned.

The weather being very changeable it is well to be prepared. Any size Tarpaulin wanted from six feet to one hundred feet square if desired. Frank Owens Hardware Co. make them, and warrant them positively Water Proof.

One Fare.

On account of the Republican Convention at Augusta June 13th the C. & O. will sell Round Trip tickets Maysville to Augusta at one fare 50 cents.

The Pen's Report.

It seems that the state can manage its convicts better and net a larger profit out of their labor than the Mason-Foard Company was willing to admit they made. Warden Henry George has just submitted his report of the operations of the Frankfort penitentiary for the month of May.

The report shows that the chair factory produced \$17,388.84. The skilled labor and material to produce them cost \$5,376.00, subtracted from the output leaves \$12,012.84 to be credited to convict labor. There was an increase from the hind company, in addition to the above of \$289.48, which makes a total of \$12,296.00 to be credited to convict labor. The total cost of maintaining the penitentiary for the month was \$6,365.09 which leaves \$2,360.93 as a net profit to the state over all expenses for the month of May.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious result from an attack of bowel complaint during the summer months. It is a simple remedy and should be prepared at once. No other remedy can take its place or do its work. Twenty-five and fifty cent bottles for sale by Theo. Power, Druggist.

THE MAGIC CITY.

GREAT SUCCESS OF THE LEDGER'S GIFT TO PATRONS.

Instructions How to Get a Set of the Hand-colored World's Fair Views Published.

Tuz LEDGER on Saturday began distributing to its patrons the finest series of World's Fair Views that have yet been issued. This is the testimony of all who have seen them:

Hickman was elected by acclamation.

A. Wadsworth moved that they proceed to the election of county officers.

The first one on the ticket was County Judge. Captain M. C. Hutchins, John Wells and Milton Johnson were placed in nomination. The ballot stood—

Hutchins 21
Johnson 9
Wells 7

John Dinger and daughter Agnes returned home last evening from Newport.

Miss Harriet Collins, daughter of V. P. Collins of Covington, is the guest of Mrs. K. B. Ross.

Professor J. H. Rowland and family spent yesterday in Ripley with Mrs. Rowland's brother.

Miss Ethelene Wall left on the F. F. V. yesterday for New York. She will sail for Europe in a few days.

Mrs. E. R. Ramsey, who has been the guest of her children for the past two weeks, returned to her home in Ripley.

Miss Fannie Whittington and sister Bessie left yesterday evening for Blue Springs, where they will spend several weeks.

Augusta Reporter—Mrs. W. D. Rice and Mr. George Donopham spent Friday in Maysville, the guest of Mrs. James W. Fitzgerald.

Mr. Zingerle, wife of Will Zingerle, Collector on the C. and O. and two of the guests of their uncle, Joseph Bremer.

Miss Mary Singleton, who has been at the hospital for several weeks past, was released yesterday.

Then came the selection of delegates to go to Augusta.

The Chairman, by motion, was given the power to select the committee from the precincts who should select those who would go to Augusta.

John Johnson was nominated for Clerk, Mr. Dawson and Mr. C. C. Clegg with drawing in his favor.

For Coronet Roy Stockton was nominated without opposition.

T. P. Bullock was nominated for Surveyor without opposition.

Then came the selection of delegates to go to Augusta.

The Chairman, by motion, was given the power to select the committee from the precincts who should select those who would go to Augusta.

And the committee in turn brought the following list of names as delegates to the Congressional Convention:

Frank Leaf No. 1—W. H. Cox.

Mayville No. 2—C. E. Gaisel, W. C. Misen, Thomas Graves.

Announcement.

Yielding to the wishes of friends in many quarters of the Ninth Congressional District, I have concluded to submit my name as a candidate for the nomination for Congress, subject to the will of the Republican Convention to be held at Augusta June 12th.

THOMAS A. DAVIS
Mayville, Ky., May 18th, 1854.

What the Senate Committee charged with investigating the speculations of Senators in sugar stock has done has created a desire for it to go further. If

Probe the
Wound Deeper

McPHERSON's operations, why not

says The Cincinnati Commercial Gazette proceeded to expose similar operations by other Senators—Senator BRUCE, for instance? And why should it not be known whether CLEVELAND, CARLISLE, or any other member of the executive branch of the Government improved their opportunities, and how much they made? The evidence as to McPHERSON was not easier to obtain than it would be as to others—BRUCE, for example.

Why not put him on the stand and let him tell to the committee anyone of the various stories he has, at different times, and at different places, told to individuals? At present the New Jersey Senator is a solitary black sheep apparently. It is not right to allow him to stand in that light, when a Senator CHANDLER alleges on his own responsibility on the floor of the Senate, it would be hard to find a Democratic Senator who was not similarly tarred.

It is a serious question. Does it amount to nothing that Senators have speculated in stocks and voted in the Senate to make their speculation profitable? Is there nothing in this that an American Senator need blush for? At the very least, all such Senators should have the benefit of the showing that has been given McPHERSON. Who knows what the Senate Committee, should it go ahead in the investigation, would not find? There are hints of something worse than speculation. Such hints, if not based on something better than wild suggestion, should be cleared up. For instance, the Senator to whom it has been said a big block of stock was given is entitled to the proof that there was no such gift. The example of Senators trading in stock at the moment their votes would give value to their purchases is not pleasing to the people, and, seemingly, no right-minded man would rest an hour under the charge if it were not true. That Senators thus charged do not resent it is a virtual confession to the truth of it, and they must expect to wear the stamp of infamy. A Judge on the Bench who regulates his decision according to his speculations would stand very much in the same light the Senator stands in who gambled sugar and voted to make his gambling win.

We have found no remedy, for malaria, so reliable and safe as Ayer's Aque Cure. Taken according to directions it never fails.

If you need spectacles or eye glasses, don't have them made in the old haphazard way by any one who can't measure them well. Consult us. We examine your eyes scientifically and make the glasses to fit. We can give you the names of hundreds from our prescription book who have been successfully fitted by our method who never had glasses to suit them before. We guarantee satisfaction in every case, and make no charge for examination. Ballenger, Jeweler.

BUSINESS IN BOSTON.

Now a Massachusetts Maiden
Downed the Old Man.

Boston Post.—"Father, I would like to see you in the library on matter of business."

"Very well, Violin; come along. Now, then, what is it?"

"Father, you are aware the Henry Woodsen, who is always trying to seize me, is the last year?"

"Yes, and I've felt like kicking him. The idea of a Noodenhamer desiring to aspire to the heart of a Gretchen!"

"It has caused me to be his wife!"

"The sounder! Why I'll pull the ter out of him."

"And I have almost promised," she piously continued.

"What? Father, I want to talk straight business with you," she interrupted. "As you are aware, this is the state of Massachusetts."

"Yes."

"Have you seen the vital statistics of the state for the last year?"

"No, of course not. The idea of that Henry Woodsenhamer skulking around here after me!"

"Wait! According to the statistics, this state has 2,850,000 more married girls than can find husbands, to say nothing of 182,321 widows anxious for a No. 2. The number of young men in the state earning over fifteen dollars a week and in the market is only 29,107."

DISHEARTENING

Operators' and Miners' Conference Will Come to Naught.

That is the Candid Belief of the Knowing Ones.

President Adams, of the Ohio Miners, Not Alone in Holding Out Against Compromise—The Operators Express Great Confidence of a Settlement.

COLUMBUS, June 11.—The question on everybody's lips here Sunday night was "Will the strike be settled Monday?" and nobody was able to find a satisfactory answer. Opinions are greatly divided, but the aspect is growing dark, and it now begins to look as though this big strike will not be settled. The rule that a settlement must be general and affect all districts involved prevents those that are disposed to compromise from entering into any agreement with their operators.

It developed Sunday evening that after all President Adams, of the Ohio miners, is not alone in holding out against the compromise on 60 and 60 cents, but that there are others who are equally firm in opposition to it. It is learned, furthermore, that an effort has been in progress, day to day, to secure the operators to accept some form of compromise. This effort has been in the nature of telegrams from the constituents of the miners' delegates urging the latter to stand firm and refuse to accept anything save a basis of 60 to 60 cents and 70 cents in the Pittsburgh district.

The miners' side of the scale committee held a secret conference Sunday, but what was done in it can not be learned. While the operators are willing to make some concession, they absolutely refuse to have anything to say for publication. One of the most prominent officers of the Miners' unions stated confidentially Sunday evening that he did not believe a settlement would be reached Monday, and that the miners would be attained by this conference.

This places the matter in a very disagreeing light, and there is vigorous endeavor on the part of advisers of the miners to induce them to yield to a compromise. Another prominent officer of the miners' unions expressed the same opinion as that given above.

On the operators' side great confidence is expressed that a settlement will be reached on the basis proposed. One big operator said he had no doubt that the meeting would bring a strike to an end.

Notwithstanding this statement it is learned that Pennsylvania operators declare that the promises made by the operators from that state now here are without authority.

The operators' side is taking certain, according to the belief of every individual in a position to form an intelligent opinion, and that is, if this conference fails in its mission, there will follow the most terrible conflict since the civil war. The loss of life that will follow causes a shudder at the thought, and the destruction of property will be appalling.

The conference is the critical pivot upon which turns this question, and realizing as everybody does the extreme gravity of the situation, all concerned—operators, miners and others—are using every whit of influence to get some sort of compromise. This was the only encouraging feature of the conditions Sunday night, for it is believed that the members of the scale committee will use every means to avoid the calamity sure to follow a disagreement.

Two Men Drink Accidents, Having Mistakes for Alcohol, and Die Instantly.

SELMA, Ala., June 11.—Sunday morning Sid Fowles, David Johnson and John Johnson, all of whom were fishing, were seven miles from the city. They carried with them, as thought, a demijohn of alcohol. They stopped at the house of Paul Frazer, who was the first to sample the contents of the demijohn. Fowles, who was a drunkard, Johnson, the owner of the demijohn, then gave his supposed alcohol to his companions to show that the old man died from other causes, but, not liking the taste, they both spit it out. Johnson then took a big swallow and died. The alcohol was found to be acetone, stolen through mistake for alcohol, from Cawthron & Cole's drug store in this city.

Will Consolidate.

ST. LOUIS, June 11.—For three years the street railway owners of St. Louis have been negotiating for a consolidation of all the lines. There is now a movement to include every line in the deal and some change in legislation standing in the way, which will not doubt be brought about. When the consolidation is effected 290 miles of railway, capitalized at \$10,000,000, will be under one general direction. By the transfer system contemplated passenger can reach any point in the city for one fare.

Young Stevenson Retires.

YOUNG, June 11.—Among the passengers on the steamer *Alaska*, which arrived Sunday, were Mr. and Mrs. Stevenson, Vice-President Stevenson's son and daughter-in-law, returning from their wedding trip.

The Situation Unchanged.

MONGAGHUA CITY, June 11.—The situation at the Manowin mine remains unchanged. The men look for a settlement Monday, and reported, however, that the Manager Young will refuse to take the old men back.

A Bank Robbed.

BRIDGE, June 11.—The private banking house of O. J. Gould & Co. here was entered by burglars and cash and securities to the value of \$10,000 were taken.

WITH AN AX.

A Chicago Man Wields It with Terrible Result.

CHICAGO, June 11.—While crazed with liquor, John Kane, a timber and lumber dealer, cut five men with an ax, almost killing a policeman who attempted to arrest the drunken man. His victims, who were taken home to the county hospital, are Joseph Schmitz, 1308 Honore street; John Schmitz, 1308 Honore street; and a boy not expected to recover; Ernest Drummond, cut in head; Chas. Fisher, blacksmith, 3820 Ashland avenue, stabbed in side, condition critical; Thomas Birmingham, police officer, 3601 Main street, cut in head, would not be heard and not expected to recover; Ernest Drummond, cut in head; Chas. Fisher, blacksmith, 3820 Ashland avenue, stabbed in side, condition critical; Thomas Birmingham, police officer, 3601 Main street, cut in head, would not be heard and not expected to recover.

The trouble began in Fisher's blacksmith shop. Kane getting into a quarrel with his friends tried to prevent him. Kane seized an ax and inflicted the wounds. When Officer Hurnigton tried to hold him back, the officer's head came up. Officer Hurnigton was standing over his victim and terrifying the spectators, and felled his prisoner with a blow from the club.

COXEY IS OUT.

From Prison He Goes to His Army, Where a Joyous Welcome is Accorded Him.

WASHINGTON, June 11.—Coxey, Browne and Jones, the leaders of the commonwealth, were released from jail at 10:30 Saturday morning. No demands were attached to their freedom. They shook hands with the deputy warden and watch officers, thanked them for their considerate treatment and entered a carriage driven by Oklahoma Senator and drawn by four common mules.

At the District line the "weavers" of the camp were drawn up in line to receive the distinguished party. They unbraided the horses and themselves, bade the liberated leaders to the carriage. Coxey and Browne spoke during the afternoon.

Coxey said it now looked as though the men might extend their stay at the capital into the winter. He said he was going to make an address on the Fourth of July at Knoxville, Tenn., for which he would be paid \$350. He had other engagements to speak during the month.

LARGEST LENS.

Pittsburgh-Allegeny May Soon Possess Such a Carnegie Proprietary Is Accepted.

PITTSBURGH, June 11.—The hope of John A. Brashears, Pittsburgh's famous maker of telescopic lenses, that Pittsburgh and Allegheny lenses and observatory in the world, is in a fair way to be realized. Prof. Keefer, director of the Allegheny observatory, has also hoped that such might be accomplished, affording local astronomers better facilities to pursue original investigation.

Sherriff Wilhelm dispatched Deputy Sheriff Allen with seven deputies to rescue the workmen. Allen arrived at 6 o'clock. At no time was he able to get in touch with the men in charge. Allen had to lead on from there to Youngstown and then to Lemont where the battle occurred early Sunday morning.

The miners' deputies prevented the strikers from taking their prisoners elsewhere Allen returned to Uniontown for further orders, and was directed to rescue the prisoners. Returning to Lemont he found two deputies retreating before a howling mob of miners. He rode up a side road, his revolver at Allen. The bullet passed over his head. Several of the mob then began firing at the officers. Allen's revolver was defective, and only two shots were fired by him. Five of the miners were shot, and the proposed observatory with the largest lens in the world. Mr. Carnegie, it is understood, stands ready to pay his subscription as soon as details of cost and construction can be estimated.

Will Consolidate.

CLEVELAND, June 11.—A telegram received at the headquarters of the Cleveland, Lorain and Western railroad, the city, from General Manager Woodfort, at Headport, O., says: "Strikers tried to blow up a bridge early Saturday morning. Three cans of gunpowder were found under the structure. The dynamite was removed and removed them in time to prevent an explosion. Two double-header coal trains were started north from Bridgeport under protection of troops, and they have arrived safely at Wheeling creek."

BLOODSHED.

Pennsylvania Slavs Have a Battle with the Deputies.

One Slav Killed and Two Others Fatally Wounded.

Seven Armed Deputies on One Side, and 500 Strikers on the Other—Strikers Make Great Workmen. The Officers Made a Brave Defense and Won.

UNIONTON, Pa., June 11.—A battle between seven armed deputies and a mob of three hundred strikers at the Lemont No. 3 works of the McClure Coke Co. One striker, a Slav, was killed instantly, and two other Slav strikers were fatally wounded. The deputies were surrounded and fired upon by the strikers.

The incident leading up to the battle began Saturday evening, when a mob of several hundred strikers, mostly from the works of the Frick Co., gathered at the Pennsylvania railroad depot on New Haven and took possession of the workmen, who were at the Valley works of the Frick Co., and were on their way home at Leisington.

When they stepped off the train the mob surrounded them and marched them into the Frick Co. office, where they were shot with clubs and high plugs, with "soot," "blackie" and other epithets uttered thereon. The men were then marched through the streets, escorted by a howling mob, and taken to the Trotter and Leisington places, where they were beaten and through the streets between the company houses. The strikers jeered them, and the women spit upon them, and hit them with stones and clubs. They were even marched past their own homes, and their wives and children permitted to witness them in their disgraceful condition.

Sheriff Wilhelm dispatched Deputy Sheriff Allen with seven deputies to rescue the workmen. Allen arrived at 6 o'clock. At no time was he able to get in touch with the men in charge. Allen had to lead on from there to Youngstown and then to Lemont where the battle occurred early Sunday morning.
